Science	81% (GDS -25%)	79%	82%	

# OUR SCHOOL DEVELOPMENT PLAN 22-23

---

Each year we identify next steps as a school and write a development plan focused upon achieving these targets. This year we have worked hard to drill down into both the soft and hard data to narrow down our SDP so that we have a keen focus on just a few key next steps which we believe will have the greatest impact over the next 12 months. By simplifying our SDP we hope to have a bigger impact . Less is more is our mantra this year!

Please follow the link below to read this year's SDP
